## Slaven's Effervescent California Fruit Salt

Is prepared from sound, ripe fruit, by an experienced analytical chemist, who has spent years in experimenting on its preparation. It is manufactured by a special process known only to the proprietor. This preparation is a safe, simple and effective medicine for regulating the action of the stomach, liver and kidneys. It is most particularly recommended for Dyspepsia, Indigestion, Headache, Heartburn, Acidity of the Stomach, Bilious Constipation, Nausea, Sea Sickness, Kidney and Liver Troubles, Over-indulgence either in eating or drinking, etc. As a purifier of the blood in all Scrofulous Diseases, it is equally effective. It removes all eruptions from the skin and has a cooling and invigorating effect on the system. The FRUIT SALT is entirely different from any of the effervescent Salts or Sedative preparations in the market, being manufactured from Fruit. For sale by

Osburn & Shoemaker.

## Wrinkled Faces.

It is a painful sight to see young ladies in their teens with wrinkled and premature old faces; nevertheless it is quite common, and to any one who observes the tendency of the times the reason is very apparent. Owing to the use of the "Fruit Salt" in the preparation of the skin, in which are used the names of eminent physicians and chemists, the unexpecting and credulous have been induced to use some of the so-called liquid beautifiers, all of which are known to be positively injurious, and if used for any length of time will destroy the complexion, so that it will be next to impossible to restore it. Mothers should be very careful to see that their daughters do not use these preparations, but ask for and obtain Slaven's Harmless Yovemite Face Powder, the only harmless beautifier. For sale by Osburn & Shoemaker.

## Rescued From Death

William J. Conklin, of Somerville, Mass., says: "In the fall of 1877 I was taken with a severe cold, which developed into a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1878 I was taken to the hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report was spread that I was dead. I gave up hope, but a friend told me of DR. WILLIAM HALL'S BALSA FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to-day feel better than for three years past. I write this hoping every one afflicted with Diseases of the Lungs will take DR. WILLIAM HALL'S BALSA, and be convinced that CONSUMPTION CAN BE CURED. I can positively say it has done more good than all the other medicines I have taken since my sickness."

## Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold. A few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cts., 50 cts., and \$1.00. If your lungs are sound, and you have a Cough, use Shiloh's Porous Plasters. Price 25 cts. Sold by Osburn & Shoemaker Druggists, Reno, Nevada.

## Strayed or Stolen.

About April 15th, from pasture near Wadsworth, two mares. One Gray Mare, branded "J" on left thigh; saddle and collar marked; length and of very fine carriage. The other is a small buckskin mare, star on forehead and one white foot; branded "J" on left thigh. Both shod all round. The animals are supposed to have gone toward Jack's Valley. Any information will be suitably rewarded by applying to F. R. WAGGONER, Wadsworth.

## Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cures, that do harm always, and use only nature's simple remedies for all your ailments, you will be wise, well and happy, and save great expense. The greatest remedy for this the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.

## Dyspepsia and Liver Complaint.

Is it not worth the small price of 75 cents to free yourself of every symptom of these distressing complaints? If you think so call at our store and get a bottle of Shiloh's Vitalizer. Every bottle has a printed guarantee on it. Use accordingly and it does you no harm. It will cost you nothing. Sold by Osburn & Shoemaker, Reno, Nevada. nvs-ead-daw

## We have a speedy and positive cure for Catarrh, Diphtheria, Canker mouth and headache, in SHILOH'S CATARRH REMEDY.

A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. Sold by Osburn & Shoemaker, Reno, Nevada. nvs-ead-daw

## Keep it in your Larder.

A temporary taste of dyspepsia is experienced by anyone who drinks Hub Punch with hot water, fine ice, etc., as is to be preferred. Sold by all grocers, wine merchants and druggists. Trade supplied by Richards & Harrison, Agent for Pacific coast, San Francisco.

## No Good Preaching.

No man can do a good job of work, preach a good sermon, try a lawsuit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and non-ebonid make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.

## Throw Physic to the Dogs.

A great portion of the suffering and distress in this country is due to the fact that the people take too much physic and too many drugs. If you want to preserve your health, save doctors' and druggists' bills, use the California Pine and Eucalyptus Plasters for all pains. For sale by Osburn & Shoemaker.

## Slaven's Cherry Tooth Paste.

An aromatic combination for preservation of the Teeth and Gums. It is far superior to any preparation of its kind in the market. In large handsome Opal pots, price 50 cents. For sale by Osburn & Shoemaker.

**A GOOD BAD BILL.**

A bill for \$1,279 70 from the Virginia Catholic Orphan Asylum has been presented to the State Board of Examiners. Governor Kinkaid and Secretary Babcock sign the bill, but say it is unconstitutional. Attorney General Murphy declines to sign and says:

I decline to approve the within claim of the Nevada Orphan Asylum of Virginia City for State aid, because I believe it to be appropriating money for sectarian purposes, which we are forbidden to do by Section 10 of Art. XI of our Constitution.

Controller Halleck refuses a warrant on the same ground. There is no doubt that the bill is an improper demand. The examiners all say so. It is difficult to understand why any should sign it. The Gold Hill News says:

It is a perfectly plain proposition. The fundamental principles of our State government do not sanction the expenditure of public moneys for any other than public purposes, for the benefit of the whole people, regardless especially of religious sects, for no variety of religion has any rights or privileges over another in free America, and the rights and privileges granted to one must be granted to all.

Under this state of facts the News thought the Board should refuse to sign. The signing has been done and now the Court will have to do what the Board should have done.

**EDITORIAL NOTES.**

Guiteau will be responsible for postponing a final decision in the Whitaker case. The voluminous reports of the court-martial have to be gone over by General Swain, Judge-Advocate General, and reported upon to the President. General Swain will not be able to give it his attention until after the President is out of danger.

The Herald says: The arrival of the two steamers, Glenartney and Lord of the Isles, loaded with tea, from Yokohama, Japan, within 24 hours of each other, after sailing 14,000 miles, illustrates the nicety with which navigators may make their calculations, even in sailing half around the globe.

There is a yellow dog which has taken an unaccountable fancy to President Garfield. Before the election, it paid periodical visits to his residence in Washington, on Inauguration Day it followed his carriage, and on Thursday morning of last week it called at the White House and stayed for several hours.

We do not like to blow the office horn, but it seems proper to say that the GAZETTE had the best report of the Tucson fire yesterday which was published on the Pacific Coast. We try earnestly to give our readers the news. They will pardon us for claiming credit when we succeed so well.

The Spanish Minister of Finance will begin at the next session of the Cortes the practice of making public the exact state of the Treasury. He will show heavy arrears in the Cuban Treasury, where \$18,000,000 debt remained unliquidated.

Lake Tahoe is situated 6,320 feet above the sea, is 22 miles long from north to south, and twelve and a half miles wide, the general contour being parallelogram. The greatest measured depth that we have good authority for, is 1,506 feet.

**The Poet "Very."**

Mr. Jones Very is a poet of Salem, Massachusetts. If his name was Very Jones we would think him a member of the "too too" or "utterly utter" school of aesthetics. As it is, his fellow townsman, Mr. Silsbee, has published a "thin pamphlet" devoted to the exaltation of Very's poetic nature. It seems from this that Very's sensibility is the making of Very—"devout sensibility. It has never been excelled," says his townsman, Silsbee, "perhaps never equalled. He is as near to God as anybody ever was. Fra Angelico is the only man with a gift of beauty that is like him. Mystics do not always have it. These two men are artists superadded. The American loves the superlative," continues the eulogist, and Mr. Silsbee, on this showing is evidently an American. By the way, Very itself is a sign of the superlative.

**BY TELEGRAPH.**

**The Cabinet Confident.**

New York, August 4.—A Washington special says: That the members of the Cabinet now believe the President out of danger is made evident by the preparations of some of them to leave Washington at an early date. Blaine has fixed on August 10 for his departure for Maine, with his family. Hunt will start on a tour of the Northern Navy Yards on the 15th. Lincoln will return to Rye Beach next week, and McVeagh will go to Pennsylvania about the same time. The President this morning again asserted that he could feel the ball distinctly when he was raised in a sitting posture, although unable to do so when reclining. The opinion is generally expressed by surgeons outside of the case that an operation for the ball will be necessary before the President will be allowed to leave his bed.

**Official Bulletin.**

WASHINGTON, August 3. Executive Mansion, 7 P. M.—The President passed a very satisfactory day. The wound continues to do well. He takes a quantity of nourishment and appears to be better than at any time since he was injured. The rise in his temperature this afternoon was very slight. At present his pulse is 102; temperature, 99.4; respiration, 19.

**NEVADA.**

The Indians say the pine nut crop this season is the best for years.

The Navajo shipped Tuesday two bars of bullion of the value of \$4,283 31.

The Manhattan S. M. Co. shipped Tuesday 10 bars of bullion, weighing 729 pounds, valued at \$10,485 25.

The assessment of \$1 per share on the capital stock of the Union Con. will be delinquent in office to-morrow.

State Deputy, D. F. Fox, has organized a lodge of the A. O. U. W. Society in Mason valley, to be known as the Anchor Lodge No. 12.

A little man named Charles Cahill, attacked H. Roos, the clothing merchant of Virginia, and drove him out in the street, where he defended himself with a club. Both men were arrested for disturbing the peace.

As the V. T. passenger train was leaving the Gold Hill depot Tuesday evening Joseph Marks approached his sixteen-year-old daughter, who was standing on the platform, and ordered her to go home, at the same time kicking her severely. All the offense the girl had given was that she was talking to a young man whom her father dislikes.

**TERRITORIES.**

Tucson, A. T., is to have a stone Court House, costing about \$65,000.

A bird came through the Postoffice window at Phoenix, A. T., the other day, flew into a mail pouch unseen, and was locked in and sent to Maricopa, where it arrived in safety.

The Tucson Journal says: "The reported abduction of two young ladies from a private conveyance near Hermosillo, Mexico, is without foundation. The other particulars of the robbery are confirmed. Eliazar Ramirez, the driver was alone, and was surrounded by eight or ten robbers, who bound him to a tree, obtained the \$5,000 in coin, and made their escape."

Articles of incorporation have been filed for the Spokane Falls & Columbia River Railway and Navigation Company. A road is to be built from Spokane Falls, W. T., to the navigable waters of the Upper Columbia, through Colville valley, and will reach the Columbia river below the mouth of the Spokane. The capital stock is \$1,000,000. Surveys are to be made at once.

**OREGON.**

Crickets and grasshoppers continue abundant in Lake county, and are doing some damage to growing crops. The crop of oats in Western Oregon is the best known in many years, and the quality of all grain will be superior.

Cos county paid during the financial year closing July 1, 1881, \$2,680 95 for the maintenance of paupers.

A number of horses have been stolen in Goose Lake Valley recently, and the residents of that section believe there is a well-organized band of horse thieves operating about the Nevada and Oregon line.

Portland officers found Aug. 2d a kit of burglars' tools, which were evidently used last Saturday night in cutting open a safe in Koshland's store.

Michael Smith, a resident of Centerville, Umatilla county, committed

suicide on the 31st, by cutting his throat with a razor. Smith had been drinking very hard for some time, and was in a demented state of mind.

**CALIFORNIA.**

John B. Deyfey, who lives in Sonoma, Tuolumne county, is seven and one-half feet high.

A destructive brush fire has been raging in the foothills east of Lincoln, Placer county, for the last three days, doing much damage.

Tichner & Co. of Mendocino, who have a large contract with the Atchinson, Topeka and Santa Fe Railroad, have already shipped over forty thousand ties.

A story is told by the Stockton Herald of a Modesto boy named James Buchanan being drugged and robbed by a Merced man called Dan, while on his way to Stockton.

An altercation occurred at Sacramento Aug. 2d, between Joseph Smith and Frank Dunn, which resulted in the former striking the latter with a brickbat, inflicting a dangerous wound.

**Pretty Women.**

Samuel Johnson.

Sir, it is a very foolish resolution to resolve not to marry a pretty woman. Beauty is of itself very estimable. No sir; I would prefer a pretty woman unless there are objections to her. A pretty woman may be foolish; a pretty woman may not like me. But there is no such danger in marrying a pretty woman as is apprehended. She will not be persecuted if she does not invite persecution. A pretty woman; if she has a mind to be wicked, can find a readier way than another; and that is all.

Harte and Sala.

When George Augustus Sala was in California, Bret Harte assailed him in a newspaper after a fashion which Sala never forgave; so when an English lady thought it would be good "fun" to bring the two together at a dinner party, and invited Harte and Mrs. Sala to walk to the table, George Augustus walks up, and says he: "Not any on my plate, *sil vous plait*," and takes Mrs. Sala's hand from Harte's arm, telling him, "none of that until you apologize." Harte, like the gentleman he always is, refused to retract or apologize, and Sala, taking his wife, left the house.

SCENES AT TRUCKEE.

The People Full of Grit—The Burned District to be Rebuilt at Once.

The sight at Truckee is the old familiar one that so often saddens the hearts of people in the far west, where the towns are new and the winds blow hard. A GAZETTE reporter was there this morning and found the Plaza full of broken furniture, of house keeping fixtures and scraps of houses that had been torn out to save them. There were people lying asleep on mattresses stretched out on the bare ground with blankets thrown over them. Others sat in groups on benches or chairs around camp fires, for the air was chilly. Quite a number of rough shanties made of pine boards standing on end have already sprung up and the whole street will soon be open for business. One of the shanties has a tin sign out announcing that business has begun within. The contents of the whole street was dumped out into the Plaza as far as they could be reached, and are now being carted off and placed where they will be safe. The barber poles and chairs from one or two shops lie where they were dropped. A lot of goods from the stores occupy the center, and the fire engine stands at the east end, half a block away from the hose cart. The background consists of the smoking walls of Lewison's, Frank Rabel's, the Odd Fellows Hall and Hurd's, with blank spaces between where wooden buildings stood. Sisson, Wallace & Co. and Burkhalter's buildings stand blackened and charred, but the fire did not get inside. The Odd Fellows Hall was not burned out, but the furniture was a good deal damaged by water and smoke. At the east end Gridley's store resisted the destroyer, and his stock of jewelry escaped. Hamlet Davis and G.W. Harrison's stores held out until daylight, but the intense heat was too much for them, and the fire got in. Harrison showed

THE GENUINE WESTERN SPIRIT.

He sent a telegram while his house was burning to a wholesale dealer in Sacramento. It read: "Ship at once fifty pounds of mixed candy. Burned out." He means to sweeten the sorrows of the unfortunate, at four bits a pound, just as soon as he can buy boards enough to make a counter. The merchants all have the same idea, and are as busy as can be getting lumber on the ground to put up temporary places to sell goods in. A swarm of drummers and insurance agents came up from San Francisco on the train this morning, and nearly all the firms below have telegraphed, offering their customers goods and credit. The Postoffice and Wells Fargo are using the baggage room for the time being. No damage was done to the telegraph as was reported by some of the papers who had no reporter, and made that an excuse for their meagre accounts of the fire. The insurance is supposed to cover about half the loss, as near as can be learned. The insurance is about as follows: P. Sheridan, \$4,750; J. F. Moody, \$5,000; R. D. Paschen, \$1,500; Burkhalter, not known; D. B. Towner, \$1,000; J. Adolph, \$10,500; J. Gray, \$5,000; Eureka saloon, \$700; J. L. Lewison, \$5,000; Andy Johnson, \$4,500; J. G. Williams, not known; H. Davis, \$5,000; S. McKay, \$7,000; J. Sherritt, \$2,000; E. P. Stevens, \$1,500; G. W. Harrison, \$3,300; Mrs. Dume, \$3,000; Paul Menk, \$4,000; Truckee Republican, \$3,500. Doubtless many others have policies that will bring the amount up to considerably more than a hundred thousand dollars. Considering the size of the town the insurance is larger than it was here when Reno was burned down. The proprietors of the Republican expect to get out their paper without missing a number. The charred bones of some person unknown were found in the debris of the fire. No other loss of life is reported.

Postal Matters.

The citizens of Summit and Sierra valley complain that their mail service is very irregular and unsatisfactory. The P. M. at summit declares that he has not received a copy of the GAZETTE for one week. The Postmaster at Reno says it goes regularly. There is a grave fault resting upon somebody and unless the matter is corrected the negligent party must be made to suffer.  
A recent ditpatch from Washington censures the Postmasters at Reno and Battle Mountain for not filing their quarterly statements as required by law.

GOLD HUNTERS.

Notes From the Prosperous Gold Fields of Lassen and Plumas.

Lassen county is making some important discoveries in gold, with Hayden Hill in the lead. Much more might be done with money and machinery. Plumas is now the attraction of the northern gold regions. In quartz mining, Greenville and Eureka Mills stand at the front. The Green Mountain, Mr. Charles Rodgers, Superintendent, stands perhaps No. 1. This mine is producing at an outlay of less than \$8,000, about \$24,000 monthly. Eastern capitalists are on the ground rejoicing in their success, and looking for new fields. Prospecting goes forward and further rich discoveries have been made in some of the older claims.

QUINCY

Just now seems to be one of the more active mining centers. The Loring & Levitt gravel claim has been sold to Corbin, Manson & Co., for \$50,000. Already several thousand dollars have been taken out of them. They are, however, under the superintendency of Mr. Manson, putting up hoisting works and making new prospects, in order to gather the fine gold as well as the coarse, and larger nuggets which abound in the upper end of their 200 acres.

The Bell quartz lead lies just above this with some very fine rock, but is now idle. The Western gravel mine is located at this point, which is about 3 miles from Quincy. This mine is worked by Mr. R. Z. Bell and Mr. G. T. Van Dorn of Pittsburg, Pa., with a good showing of coarse gold. Mr. Van Dorn represents a \$1,000,000 company at Pittsburg, Pa.

THE BOSTON COMPANY.

J. E. Mills of Boston is making large plans for a Boston Company, which is said to represent millions of money. Mr. Mills has bought large tracts of gravel already. He is sinking several shafts to bed rock, and has surveyed a tunnel nearly three miles long. If the shafts show well the tunnel is to prospect from three to five miles of the American Valley, and also to carry off his own debris and that of several large hydraulic mines above him.

There is also much activity in Mohawk and Grizzly Valleys; Meadow Valley; Spanish Ranch, and Granite Basin, all in Plumas county. Good progress is reported in each district.

Another New Enterprise.

Bailey & Co. have started the Reno Soap Factory and the premises east of town, formerly occupied by the California Fruit and Meat Shipping Company, have been turned over to the use of the factory. This gives the company every facility for manufacturing an excellent article, and at the lowest rate. Manager McDuffie understands his business thoroughly, and has already commenced to push the business in all directions. The people of Reno and the surrounding country will find it to their advantage to deal with the new firm. The soap is everything that is claimed for it, and McDuffie is bound to sell it.

Northern Crop Prospects.

An occasional correspondent writes the GAZETTE that he had just passed through Surprise, Goose Lake, Pit River, Big, Honey Lake and Indian valleys. Surprise valley has an unusual yield of grain and grass. In Big valley the yield is not large but good. The great need of the northern region is an outlet. With railroad connection three if not five times the values would be realized from this upper country.

Honey Lake and Indian valleys are looking fine with their golden fields of ripening grain. The yield is perhaps more than an average. The hills and mountains are covered with an unusual growth of bunch grass.

Getting Better.

Alexander McDonald, the brakeman who was injured by falling from the V. T. train, on Saturday last, is under the care of Dr. Bergman, County Physician. The patient is reported much better during the last two days. His mind is returning and the injury to the brain was not as bad as at first supposed. It is believed that he will recover.

History of the World.

This is the title of a work which is sold to subscribers by Washington Patrick, now in Reno. Jas. D. McCabe is the author. The book is well printed and profusely illustrated. Mr. Patrick will call on you with a sample of the work.

SLEPT ON THEIR ARMS.

The Comstock Militia Pass a Night in Their Armory Waiting For "601."

In reviewing the case of the Caldwell's for assaulting John Hoffman, the Enterprise says, "Of late the city has been infested with a class composed of young men, nearly all opium-smokers, who have shown a recklessness that have exasperated our people not a little. In view of this fact the authorities, night before last, thought best to have a military guard at the County Jail. The officers at the jail hold no very pleasant positions. They are threatened both from within and from without. Inside they have a desperate set to deal with. No one, Deputy Sheriff or Jailor, is allowed to enter the jail alone, strict orders to that effect having been given some days ago. By what occurred there last evening, it is to be seen that some of the prisoners are not much awed even when the officials are present in force."

A GAZETTE representative was in Virginia on Tuesday night, and learned that 40 men of the National Guard were sleeping on their arms in National Guard Hall. Had Hoffman died "601" had promised to lynch the Caldwell. The militia was in readiness to uphold the law. The Comstock papers with commendable enterprise, did not chronicle this fact. Hoffman has failed to identify his assailants.

GOOSE LAKE.

The crops at Goose Lake are better than for years. C. U. Snieder has 500 acres of good grain. His new mill approaches completion and will be much better than the one burned. The mill at the State line has been put in order for the new harvest, with some valuable improvements. There is a good steamboat most ready to plow the waters. There is a project sometimes talked of, of draining Goose Lake into the Pitt river, in part, lowering it about 15 feet. This would still leave the lake about 35 miles long, and an average breadth of 7 or 8 miles, and redeem about 200,000 acres of valuable land, more or less.

Newspaper Change.

From paper dealers below who are in the confidence of the parties the news comes that the Enterprise folks have made a present of the Territorial Enterprise to Dennis McCarthy of the Virginia Chronicle. They say they have been running behind a thousand dollars a month for a long time and they have got tired of it. Mr. McCarthy's plans have not been made public and it is not known whether he will run both papers or not. He is a thorough newspaper man, and if anybody can make it pay he can. It looks very bad for the Comstock, however, to have Mackay & Sharon drop the paper.

Hoppers and Hay.

The ranchers in the lower meadows are very hopeful that the hopper has met with an irretrievable reverse through the red loose, black spider, flying ant and other efficient public servants. The pest has planted very few seed for next year's crop and those which attained maturity during the present season seemed to lack strength and spirit. The same reports come from Indian valley. There is plenty of hay in the valley to supply all demands.

Long Valley.

Jake McKissick, the Long valley cattle King, is in Reno. The hay crop in that region will be short, but the barley yield will be better than over. The ranchers are generally prosperous and good natured.

Warner's Safe Kidney and Liver Cure.

Going Home.

Mrs. Dr. Green of Arkansas is at the Depot Hotel on her way home. She came west to teach school and met with unexpected reverses. The Masons, according to their custom, have cared for the lady and will start her for the east in good shape.

The Ditch Case.

The case of Ah Quong et als vs. Steamboat Irrigation and Canal Co. is on again. The taking of testimony was resumed to-day before Commissioner Comstock. Nobody knows when the task will be completed.

Special Premium.

Wm. Webster Esq. will give \$10 for the best silk braiding exhibited at the Nevada State Fair. The special premiums amount to over \$1,000. Who's the next?

PERSONAL.

W. E. F. Deal, Esq., is in town. Dr. F. R. Waggoner, Wadsworth, is at the Arcade.

Harry Clawson returned to Reno on the morning train.

Mr. R. P. Chapin started for the "States" this morning.

Under Sheriff I. Chamberlain is out once more and convalescent.

Jim McClure passed through last night en route to Truckee.

J. P. Fison, Cambridge, England, registered at the Depot last night.

Conductor Prido, C. P. R. R. has gone below for a short vacation.

Col. R. H. Taylor will hereafter live in San Francisco. He says he would not live in Arizona.

Hon. John P. Foulkes, commonly called "Jack," and a prominent citizen of West Reno, is in the city.

Mr. and Mrs. Jno. B. Williams and Sheriff and Mrs. Walker, went to Tahoe this morning by way of Carson.

Judge E. D. Wheeler and J. McMechan went north this morning to interview Plumas county on railroad matters.

On his trip from Camp Bidwell to Reno, one of J. K. Rines colts planted a couple of his feet in Rines chest and abdomen.

The GAZETTE is glad to know that Conductor John Smith, who fell from the cars about a week ago, has entirely recovered from injuries received, and is again at his post.

What the Alleged Wits of Washoe Find to Say.

New York World.

"Comment vous portez-vous Monsieur Neels?"

"Tres bien et vous"

"What's the matter with you friend Nickel. He's not fly."

"Well, no, he's not much on horse-back, but he's a holy terror in a hack."

One has arrived from visiting some ladies where he, himself, made himself too fresh. He desires himself to explain. One says: "It is true I have said that which I ought not to say. The fact is I am not fit for a lady's company. Mais je suis a daisy dans a dive."

The Feeling in Quincy.

A Quincy correspondent writes the GAZETTE under date of August 1st.

The survey for a new project is said to begin to-day. A two-foot-gauge from Reno to Quincy. The sympathy seems to be in favor of the Nevada and Oregon. One road for the east side of the Sierras and Cascades, running through the business parts and her great pineries. Success to the Nevada and Oregon.

Fresh Fish.

Judges Webster and Cossitt have returned from Pyramid. Webster has gained two pounds and Cossitt talks mysteriously about a six-days' amateur walking match. Judge Cossitt brought the editor a ten pound trout caught with his own judicial hand. This was certainly the decent thing and ought to be encouraged.

Another Bonanza.

Summer drinks are good enough in their way and even soda water may be used sparingly. There seems no doubt, however, that George Becker's new Pacific beer is far ahead in popularity favor. It is better than any other beer offered in Reno, and that is the reason why his sales are increasing in number.

More Specimens.

Harry Clawson brought with him some fine specimens of petrification from Nevada county. He has two solid lava-like rocks which are made up of petrified leaves in concentric layers. Some of the leaves are not now known in that section. These specimens would furnish a very interesting study for the geologist.

Queer Quicksilver.

Nasby's thermometer is beginning to rival his famous Ta-Ta cigars for reliability. At 9, 11, 1 and 3 o'clock to-day the mercury said 85, 88, 90, 91.

Kaust will continue to sell the large stock of general merchandise at cost for cash. Call on him and satisfy yourselves.
